

# PERMANENT PLACEMENTS

## PERMANENT ROLLS

In today's marketplace, finding talented, well-trained employees is a major challenge. We identify the ideal employee for you, conduct screenings and accompany you throughout the entire application process. Our focus is on qualifications and the cultural match.

## WE OFFER

- Large network of professionally experienced candidates
- Over 30 years of professional experience
- Highly qualified recruiting team
- Seamless adaptation to your hiring structures and processes

### Profiles

- IT  
All profiles from assembler to data scientist to IT project manager or CIO
- Business  
All profiles from junior controller to account manager to requirements engineer or strategy senior consultant

## TRY & HIRE

Sometimes it takes time to get to know each other. To avoid making hasty decisions, we also offer a 'Try & Hire' option. In this scenario, iET acts as an employer for a limited period and later transfers the employee to a permanent position if things are going well. If the candidate is not the right fit for your business, you do not carry any employer risks or complications.
