

PAYROLLING SERVICES

We have over 30 years' experience as a local certified payroll partner to companies of all sizes and freelancers.

COMPANY

Do you want to engage someone quickly, without fuss? Our extensive payrolling solutions remove the headache of salary administration, allowing your business to focus on other areas. We assume responsibility for all aspects of salary administration including insurances and accounting.

To obtain maximum value from our services and expertise, we act administratively as the employer, assuming the associated risks, so you don't have to.

This means:

- React quickly and easily to staff shortages without burdening the headcount
- Qualified employees at the right time

FREELANCER

You have acquired a project but want to out-source its administration? Founding your own company is not necessary. We act as your employer (arrange the required employment insurances, pension funds, sickness and accident reporting, contract management, work permits and reference letters). Additionally, we pre-finance your salary payments. This ensures overall compliance with legal requirements and removes time-intensive administrative tasks from your day.

USP of the iET

- Extensive insurance and Pension fund options
- Fast, guaranteed salary payment
- Personal support person with vast experience in staff leasing
- Large network of clients
- Accident and daily sickness benefits insured
- Additional paid training (GAV)

WE TAKE CARE OF:

- Compensation and pension funds and Insurances
- Sickness and accident reports
- Framework agreements and employment contracts
- Work and residence permits
- Work certificates and references
- Compliance with legal requirements (Swiss-staffing certified)
